In spite of the fact that they are not an expensive cigarette, more Fatimas are smoked by men who can afford what they like than any other eigarette in the United States,

20 for 15°

. Nowadays men want full value

It is only natural—and oparticularly in these times-that every day sees new thousands of men choosing such a sensible cigarette as Fatima.

For Fatima is a common-sense smoke. It represents neither frills nor fads. In fact, it resents them.

Fatima doesn't even stand for "high price." It stands for as good honest worth as can be found in any cigarette made. Good, pure tobaccos-well blended.

That explains Fatima's comfort - a balanced Turkish blend that never disturbs even though you may smoke more often than usual.
